as of May 25, 2018

July 8, 2018

Pacifico Yokohama

	2F Entrance	3F 302	3F 301–304	3F 313+314
AM				SMBE Council Meeting
		Workshop for High School Students in Yokohama		
PM		TMU International Symposium on Evolutionary Biology		
	Registration		Welcome Reception	

July 9, 2018

Pacifico Yokohama

	1F Main Hall	3F 301	3F 302	3F 303	3F 304	5F 501+502 Foyer	2F Entrance
AM	Opening Ceremony						
	Nei Lecture Prof. Martin						
	Break						
		SY02: Associate Editors Symposium	SY12: Genomics and evolution of symbiotic interactions	SY31: Tracing back bacterial pathogen evolution from ancient and modern genomics	SY05: Evolution of non-coding RNAs and their regulatory networks		
	Lunch						
PM		SY23: Open Symposium (Session 1)	SY10: Genetic conflict and speciation	SY09: Gene flow detection and dating methods	SY07: Evolutionary genomics of the human brain	Poster Session (Group A)	Registration
	Break						
		SY23: Open Symposium (Session 2)	SY35: Weak forces in genome evolution	SY14: Improving inference frameworks by accounting for population structure	SY29: Somatic mutation and the evolution of multicellularity		
EV						Poster Session Core time (Group A)	

July 10, 2018

Pacifico Yokohama

	1F Main Hall	3F 301	3F 302	3F 303	3F 304	5F 501+502 Foyer	2F Entrance
AM	Plenary 1 Prof. Kakutani						
	Fitch symposium						
		SMBE Business Meeting	Lunch				
PM		SY15: Integrating ancient and modern DNA for evolutionary genomics	SY34: Virus genome evolution	SY19: Machine learning approaches in evolutionary genetics	SY30: Timing methodologies and applications	Poster Session (Group A)	Registration
		Break					
		Neutral Theory Symposium	SY32: Transposable elements in gene regulation and genome evolution	SY08: 50 years since Ohno's genome duplication: integration across disciplines and time scales	SY25: Post-transcriptional modifications: functions, diversity, pathogenesis and evolution SY22: Molecular bases of the different forms of flowers on plants of the same species		

July 11, 2018

Pacifico Yokohama

	3F 301	3F 302	3F 303	3F 304	5F 501+502 Foyer	2F Entrance
AM	SY23: Open Symposium (Session 3)	SY11: Genomic underpinnings of primate phenotypic evolution and diversity	SY16: Intra-host evolutionary dynamics	SY18: Looking beyond the genome: cultural and behavioral drivers of biological evolution		
12:00	Lunch					
PM	SY23: Open Symposium (Session 4)	SY01: Asian population genomics	SY17: Linking the mitochondrial genotype to phenotype: a complex endeavour	SY21: Microbial evolution: human–microbe interactions and the role of deep sequencing in time series analysis	Poster Session (Group B)	Registration
15:00	Break					
	SY23: Open Symposium (Session 5)	SY13: Human evolution after out-of-Africa	SY26: Predictability of rapid evolutionary processes	SY27: Quantitative genetics of developmental evolution		
EV					Poster Session Core time (Group B)	

July 12, 2018

Pacifico Yokohama

	1F Main Hall	3F 301	3F 302	3F 303	3F 304	5F 501+502 Foyer	2F Entrance
AM		SY03: Ecological genomics (Session 1)	SY06: Evolutionary epigenomics, progress and prospects	SY04: Evolution of adaptive immunity and MHC genes	SY33: Trash to treasure and treasure to trash: invasion, persistence, neofunctionalization, and gene decay in evolution		Registration
12:00		Lunch					
PM		SY03: Ecological genomics (Session 2)	SY24: Phylogenomics – genome-scale data and the methods and analyses for phylogeny construction and time estimation	SY20: Mapping genotype and phenotype to fitness	SY28: Selection on complex traits: reuniting quantitative and population genetics	Poster Session (Group B)	
15:00		Break					
	Plenary 2 Prof. Stone						
17:00	Award Ceremony 2019 Presentation						
EV							

Yokohama Royal Park Hotel

Banquet @Yokohama Royal Park Hotel
